Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to VA Clearance Officer, 810 Vermont Avenue NW, Washington, DC 20420; and to the Office of Information and Regulatory Affairs (2900-0205), Office of Management and Budget, Washington, DC 20503. Do not send applications to this address.

AUTHORITY: The information requested on the attached application form and Authorization for Release of Information is solicited under Title 38, United States Code, Chapters 73 and 74.

PURPOSES AND USES: The information requested on the application is collected primarily to determine your qualifications and suitability for appointment to a residency, advanced fellowship, fellowship, internship or other type of clinical training appointment. If you are appointed by the VA, the information will be used to make pay and benefit determinations and, as necessary, in personnel administration processes carried out in accordance with established regulations and published notices of systems of records.

ROUTINE USES: Information on the form or the form itself may be released without your prior consent outside the VA to another Federal, State or local agency. It may be used to check the National Practitioner (HIPDB) or List of Exempted Individuals (LEIE) Data Banks which are administered by the Department of Health and Human Services, to State licensing boards, and/or appropriate professional organizations or agencies to assist the VA in determining your suitability for a clinical training appointment. This information may also be used to periodically verify, evaluate and update your clinical privileges, credentials and licensure status, to report apparent or potential violations of law, to provide statistical data upon proper request, or to provide information to a Congressional office in response to an inquiry made at your request. Such information may be released without your prior consent to Federal agencies, State licensing boards, or similar boards or entities, in connection with the VA's reporting of information concerning your separation or resignation as a professional staff member under circumstances which raise serious concerns about your professional competence. Information concerning payments related to malpractice claims and adverse actions which affect clinical privileges also may be released to State licensing boards and the National Practitioner Data Bank. The information you supply will be stored in a confidential and secure VA database for purposes of processing your application and may be verified through a computer matching program at any time. The information from this form may also be used to survey you regarding employment opportunities in VA and solicit your perceptions regarding your clinical training experience at VA and non-VA facilities.

EFFECTS OF NON-DISCLOSURE: See statement below concerning disclosure of your social security number. Disclosure of the other information is voluntary; however, failure to provide this information may delay or make impossible the proper application of Civil Service rules and regulations and VA personnel policies and thus may prevent you from obtaining employment, employees benefits, or other entitlements.

INFORMATION REGARDING DISCLOSURE OF YOUR SOCIAL SECURITY NUMBER UNDER PUBLIC LAW 93-679 SECTION 7(b)

Disclosure of your SSN (social security number) is mandatory to obtain the employment and related benefits that you are seeking. Solicitation of the SSN is authorized under the provisions of Executive Order 9397, dated November 22, 1943. The SSN is used as an identifier throughout your Federal career from the time of application through retirement. It will be used primarily to identify your records. The SSN also will be used by Federal agencies in connection with lawful requests for information about you from your former employers, educational institutions, and financial or other organizations. The information gathered through the use of the number will be used only as necessary in personnel administration processes carried out in accordance with established regulations and published notices of systems of records. The SSN also will be used for the selection of persons to be included in statistical studies of personnel management matters. The use of the SSN is made necessary because of the large number of present and former Federal employees and applicants who have identical names and birth dates, and whose identities can only be distinguished by the SSN.
