Coping with Stress During the COVID-19 Outbreak

It is normal to feel sad, stressed, confused, scared or angry during a crisis.

Talking to people you trust can help. Contact your friends and family by email, phone, and text.

Maintain a healthy lifestyle - including proper diet, sleep, and exercise.

Do not use smoking, alcohol or other drugs to numb your emotions. If you feel overwhelmed, contact your VA providers.

Have a plan for how to seek help:

- Call your Provider(s)
- Veterans Crisis Line: 1-800-273-8255 (PRESS 1)
- Emergency Room
  - Urgent Mental Health Center
  - Bldg 126, Room W128
  - Mon – Fri
  - 7:00 AM - 5:00 PM

Get the facts so you can be safe without overthinking it:
- CDC, VA's FAQ’s, and/or California Dept. of Public Health.

Listen, read, and watch the media in small doses to give your body and mind a break.

Draw on the coping skills you have used in the past to help you manage your emotions during the challenging time.
